Managed investments with extended redemption periods

Ordinarily, we must transfer or rollover benefits from your eWRAP Super/Pension account within 30 days of receiving all relevant information prescribed by superannuation law (including all information that is necessary to process your request).

Where you make an investment choice and the managed investment you have chosen is 'illiquid', we may take longer than the 30 days mentioned above to effect your transfer or rollover request - depending on the particular illiquid managed investments involved, and provided you give your written consent.

Generally, these investments may be illiquid because:

- *the Trustee needs to receive the monies from the manager of the underlying managed investments;*
- *the investments have withdrawal restrictions; and/or*
- *the investments are subject to market liquidity constraints.*

By giving your investment instruction by submitting a buy investments; regular buy investments; template assignments and/or template rebalance form, you acknowledge that if you request the Trustee to rollover or transfer the whole amount (or a partial amount) of your account, you:

- *waive the right to require the Trustee to rollover or transfer the requested amount within 30 days after receiving all information prescribed by superannuation law (including all information that is necessary to process your request) in respect of the investments the Trustee considers to be illiquid*
- *agree to access the list of investments that the Trustee considers to be illiquid from time to time from Investor Online (www.investoronline.info) and acknowledge that these investments are illiquid for the reasons referred to above*

- *agree to access the maximum period in which a requested transfer must be effected from time to time from Investor Online (www.investoronline.info)*
- *agree that you understand and accept that a period longer than the 30 days mentioned above is required (in respect of the whole or part of the requested transfer amount) due to the illiquid nature of the investment.*

Transfer times also include the Trustee processing time of 8 working days.
